

About Us

We saw a need for better eye care solutions and took the lead!

Driven by a vision to fill a gap in the eye care industry, Dr. Alka Arora and Ajay Arora founded the company in 1995. Today, we're leaders in manufacturing and supplying contact lenses, eye care solutions, lens cleaners and eye drops.

From pioneering India's first MPS contact lens solution, we've always been at the forefront of innovation. With a focus on quality, affordability, and advanced technology, we continue to shape the future of eye care.

Our Brands

Multisol+ is a multifunctional all-inone solution for cleaning, rinsing, storing, disinfecting, moisturising, and deproteinizing contact lenses.

Eversince daily & monthly contact lenses have BioMoist technology. They offer a hydrating solution that keeps lenses moist and comfortable.

Rinsol offers premium optical care & cleaning solutions. Our Lens Cleaner keeps eyewear spotless, the Digital Lens Cleaner ensures screen clarity, the Anti-Fog Cleaner prevents fogging, and Ayurvedic Eye Drops soothe tired eyes naturally.

Distribution

Locations

With a widespread and efficient distribution network, Gaymed Labs ensures that our products are available across every corner of India.

From metropolitan cities to remote regions, we are committed to making high-quality eye care solutions accessible to customers nationwide, bridging the gap between innovation and affordability.

Exports

GLPL has established itself as a key player in the global market by expanding its operations beyond domestic boundaries.

With a strong emphasis on quality and reliability, GLPL actively exports its products to numerous countries, catering to diverse customer needs.

This export capability underscores the company's dedication to excellence and its competitiveness on a global stage. As GLPL continues to expand, its growing international footprint reflects its vision of entering new markets and building enduring partnerships across the world.

BECOME A DEALER

Here's your chance to be a part of a trusted legacy in eye care innovation. Gain access to our premium products, including Rinsol, Multisol, our ayurvedic formulations, and more - all crafted with stringent quality standards. Enjoy competitive margins and marketing support to grow your business. Whether you're an established distributor or new to the industry, our team provides personalized onboarding and ongoing innovation to ensure your success.

Our Facility

At Gaymed Labs, we take pride in our state-of-the-art manufacturing and research facility, designed to meet global standards of quality and innovation.

Located strategically to support efficient distribution, our facility is equipped with:

Advanced Production Lines
In-House Research & Development
Stringent Quality Control

Private Labelling & OEM

When it comes to crafting exceptional eye care solutions, we stand out as the **trusted OEM partner** for many leading brands.

With our cutting-edge manufacturing facility, we produce high-quality privatelabel products that meet the standards of our clients.

Our reputation for innovation, precision, and consistency has made us a valuable partner for brands looking to deliver exceptional products.

From **formulation to packaging**, we handle every step in-house, ensuring each product meets the highest quality standards.

We are currently Private Labelling for some of the largest brands in the world.

OEM Capabilities

Unlock custom manufacturing solutions tailored for eye care products, ensuring quality and innovation every step of the way.

OEM Highlights

1. Advanced R&D Capabilities

We invest in cutting-edge research and technology to offer:

Proprietary formulations for unique product differentiation.

Continuous innovation to keep your brand ahead of market trends.

2. Flexible Manufacturing for Diverse Needs

Whether you're a startup or an established brand, we cater to all scales with:

Batch sizes ranging from small runs to large-scale production.

Adaptive solutions to match changing market demands.

3. Custom Packaging Solutions

Packaging is more than a container; it's your first interaction with the consumer. At Gaymed Labs, we focus on tailored designs & innovative features.
